The Team prize this year went to Cumberland Fell Runners with 20 points.

Eighty-eight runners started the 22nd Ennerdale Horseshoe, the smallest number since 1974, when fell running experienced a rapid growth in popularity. After a wet start the weather steadily improved to produce a fine afternoon, although it remained very cold on the top for most of the race.

With many familiar names missing, predicting a winner was not easy. However, Ian Ferguson (Bingley) confirmed his good form this year, celebrating his 29th birthday with a fine victory and a creditable time considering the blustery wind conditions. Don Lee, making a determined effort to register his first big long race win, stuck to his task for 2nd position, despite fading in the latter stages. C.F.R. got their names on the team trophy at last and have the potential to win more team prizes if they can get themselves organised to travel to races. Sadly, only one lady entered this year's race and she was timed out. Has the time now arrived for the ladies to accept a shorter Ennerdale course? (Don't all shout at once!)

In addition to normal prizes, special Ennerdale T-shirts went to the first 25 finishers, the winner getting the traditional & unique yellow shirt.

Our grateful thanks once again to all those willing helpers, both on the checkpoints & at the start & finish, who make it possible to hold the race - too many to name but numbering at least 35 in all. Thanks also to Egremont St. John's Ambulance Brigade who help us year after year.

Danny Hughes - Hon. Secretary
